

Brandon A. Bourg

KNOXVILLE, TN

Brandon Bourg's practice focuses on litigation, construction and insurance coverage from the firm's Knoxville office. With prior experience with insurance defense, Brandon represents insurers, contactors and businesses in litigation disputes.

"I am very responsive to client questions, concerns and requests to keep clients involved and participating in the litigation process. I find prompt and clear communication empowers the attorney-client relationship so a collaborative approach can be brought to bear on any problem," he says. "This makes finding the best resolution or pursuing the best strategy the most likely outcome. On top of this, I combine diligent preparation with creativity to find strategies that might not be obvious at first glance, so clients can rest assured that the optimal approach for their unique situation becomes their approach."

Brandon, his wife Tamara, their son Luka and their two dogs, Conrad and Chuck, spend their free time hiking and camping. They also travel as much as possible, especially to visit his wife's family in Zenica, Bosnia.
