Attorney [Beth McMillan](#) joined MGC's Greenville office in 2011, specializing in professional liability, products liability and business litigation. She has been recognized in *Greenville Business Magazine's* Legal Elite of the Update for the past five years, receiving the top attorney vote in 2015, 2018 and 2019, for her successful litigation practice. Beth was also a recipient of the *South Carolina Lawyers Weekly* Leadership in Law award in 2016.

As a member of [MGC's COVID-19 Response Team](#), Beth is prompt in informing clients on the latest legal issues as they analyze and process their claims. "The biggest coverage issues will be whether or not the business interruption claims will be covered and whether or not physical damage has occurred to property," she says. "With regard to D&O and E&O claims, the most significant coverage issues will be whether the broad personal injury exclusion and the intentional acts exclusion will apply to exclude coverage."

Beth also finds it imperative to be available for any questions or concerns that clients may have, and to provide consistent updates on how the courts are responding to claims. "I check-in with clients regularly to make sure they are not overwhelmed by the onslaught of claims they are seeing related to COVID-19, and to give them encouragement," she adds.
